

I RISE TO REMARK

BY JOHN PHILLIPS

If further evidence were needed of the political flavor in the call for this special session, it could be seen (I should say tasted, I suppose) in the reactions of the radio networks. If a candidate for office makes a political speech on the air, then the opposing candidates may demand equal time. It occurs to me, as I write this, that I suppose if John Phillips, the Republican nominee for Representative in Congress from the 22nd District, were given time on some station, then John Phillips, the Democratic nominee for the same office, could demand equal time. Well let's get along with the serious part of this weekly letter!

The President, as a matter of courtesy, is given time, on a national hook-up, whenever he indicates his desire to speak. No balancing time is thought necessary. The President notified the network that he intended to deliver his message in person. The networks at once, without seeing the message, made equal time available to the Republican Party. Senator Taft and Representative Halleck spoke over one network last evening.

To the networks, the President's message was a campaign document, just as the special session was a political gesture. This is the first time in the history of this nation that any president, solely for political reasons, has called the Congress back under such circumstances, and has openly made the call a part of his acceptance speech for public office.

The Constitution gives the President that right, when an "extraordinary occasion" arises. It is possible an extraordinary occasion is developing in Europe, but neither call nor message mentioned that. The message was received quietly by the Congress. What applause you heard over the air, if you were listening, was from a few Northern Democrats, and the visitors in the gallery reserved for the executive branch of the government, apparently attempting to make up for the lack of applause on the floor. Some of the President's appointees must have had sore hands Tuesday evening.

The best comment on this session was made weeks ago, before the adjournment of the regular session, by Senator Barkley, now the President's running mate in the campaign. The Senator said, in part, "I have done what I could to cooperate in bringing about an adjournment. I think, if we sit here between the conventions, or after the two conventions, the time of the Congress will be taken up with political legislation and political oratory, and I do not want that brought about. I want to finish and to adjourn the Congress, and I have tried to cooperate with the leaders on the other side to bring about an adjournment."

I shall write, in another letter, about the proposals. The President is making a great gamble, knowingly. He is playing with a two-edged sword, and a very sharp one. The two items of popular interest, in the message, are the problems of living costs, and housing. If the President insists, as he has, that all farmers should vote for him because they are more prosperous than ever before, and that all workers should vote for him because wages have increased from 28 billion in 1932 to 128 billions in 1947, and that other groups, for similar reasons, should vote for him, then the taxpayers and food buyers and home-seekers and voters will shortly connect these increases with the resultant rising prices of the things they buy, just as they will shortly connect the conflict of government agencies buying at cross purposes and bidding for foreign aid commodities, with the same rising costs.

When it becomes more generally known that we will build this year, without government aid, twice as many living units as we built last year, and four times as many as we built the year before that, then shortly the home-seekers and voters will realize it is a problem of time, of material, of hours of labor, of opposition to prefabricated homes, of financing, of present government interference, rather than a lack of government interference, and will demand action, not more legislation.

I have never thought the American people were simple minded. After hearing the President's message I have come to the conclusion he hopes they are.

MOVIES Tonight!

The bill of fare for this evening's entertainment in the auditorium of the elementary school is the current serial and short subjects and the feature picture, "Hayfoot." This movie stars the same cast practically which was so popular in the recent "Thanks a Million." Spending money at the local show will not only give you an evening's pleasure, but will help to build the fund for a recreation park. The movies are sponsored by local merchants.

Breakfast Club Group Hears Celeb. Plans

Members of the business men's breakfast club were warned at their meeting Tuesday morning that "court" will be in session a week or two in advance of the White Gold Day celebration for a few hours every afternoon. Official judge and jailer, Andy Castrow, will be checking to see that the official costume is being worn, and also that boosters for the big festival are wearing the official badge, which will be available soon, it was announced.

The chairman of the parade committee, James Bryant, reported that possibilities for a route that the parade might follow have been considered from all angles, including a survey from the air, and it has been judged best to begin the activities near Crescent and Walker, leading in line entries at strategic points, so that the parade will form solidly on Lincoln avenue to the sea house. With the aid of police to control traffic, it was felt that this could be accomplished without difficulties.

The general chairman of White Gold Day, Richard V. Hancock, urged merchants to make all contacts possible for donations to be used at the auction, in the carnival booths, and for other prizes. This is one of the most important phases in planning for the special day, and one which needs most cooperation from the business firms.

Immediately following the parade it is planned to have the carnival in full swing, and also a horse show, which will be particularly interesting since it will be managed entirely with local talent, including feats of skill such as acrobatic trick riding, etc.

Hold Funeral Services For Former Resident

Funeral services for Verner E. Gotterba, 48, of 109 south Maddona street, in Brea, who died Sunday in the Anaheim Community hospital, took place on Wednesday morning at 10 o'clock in the chapel of McKullough and Suters mortuary in Fullerton. Rev. Ronald M. Strauss, assistant pastor of the Fullerton Presbyterian church, will officiate at the last rites.

The decedent was born in Cypress and lived there nearly all his life, making his home on Moody street near Crescent until moving away several years ago. He is survived by his widow, Mary J. Gotterba; his mother, Mrs. Annie Gotterba of Brea and a brother, Clarence Gotterba of Long Beach.

Interment was made in Loma Vista Memorial park with the Civil Masonic Lodge of which he was a member, conducting the graveside services.

Death Calls Elmer E. Biles At Ranch Home

Funeral services for Elmer E. Biles, 86, who died last Thursday in his ranch home on Lincoln and Western avenues at one o'clock, were held on Saturday at one o'clock in the Church of the Resurrection in Forest Lawn, Glendale. The reverend Stanley S. George, former pastor of the Presbyterian church in Anaheim, of which the deceased was a member, officiated at the last rites. Interment was made in the Forest Lawn Memorial park.

Mr. Biles, who was a native of Knoxville, Pennsylvania, was a resident of California for 53 years, most of which was spent at his citrus ranch near Cypress. He is survived by his son, S. Ellisworth Biles of Los Angeles; a daughter, Mrs. Eva Boyer and a sister, Miss Myrtle Biles, both of Glendale.

The new minister at the Cypress Baptist church, the reverend Arthur T. King, and his family will move this weekend from their former home in Pomona to the new house on the property at the corner of La Salle and Merton streets in Cypress Acres which was purchased from Edward T. Behrens.

War Medals To Be Presented At VFW Meeting

M/Sgt. H. E. Loeffelhardt of the U.S. Army and U.S. Air Force Recruiting Service stationed in Anaheim, will issue the following medals to all veterans of the air force or the army on the night of August 17 at the VFW Post 8841 in Cypress:

WW II Victory Medal; European-African-Middle Eastern Campaign Medal; Asiatic-Pacific Campaign Medal; American Defense Service Medal.

The original discharge is required.

Severe Injuries To Couple In Auto Accident

Delbert Reed, son of Mr. and Mrs. W. R. Reed, who was recently discharged from the army serving for many months in Germany, is at the family home in Bellflower suffering from shock received when the convertible in which he was riding overturned, pinning him and his companion beneath the car. The girl, Miss Patricia Dean, of Bellflower, is in the hospital at Lone Pine, near where the accident occurred, and doctors say she cannot be moved for another week, at least. Both suffered with head injuries and shock caused by fear that the car would catch fire and they would not be able to escape.

The couple had set August tenth as their wedding date, and Miss Dean, accompanied by friends, was visiting in the north country for the weekend as final plans were being made and a place to live was being found. Reed has been working at Darwin Mines in that vicinity. The other young people were not so seriously hurt, although badly shaken up.

Mary Finney To Entertain In "I Remember Mama"

Second of the modern "classics" in the drama of American family life to be brought to Orange County by Holiday Stage, summer professional stock company at Tustin, is the popular favorite, "I Remember Mama," which opens for a week's run next Monday, August 9. Mary Finney, season favorite at the strawhatter, will play the role portrayed by Irene Dunne of motion pictures and created by Mady Christians in the original stage version that will be presented at Holiday Stage.

MARY FINNEY

Several familiar players from the resident professional company will support Miss Finney. Among them, John Alvin and William Pullen are remembered for their teamwork, first as movie producer and press agent in "She Loves Me Not"; then as rival film producers in "Merton of the Movies"; later as sergeant and inspector in the thriller "The Spider"; and most recently as the two doctors in "Life With Father." Pullen is currently appearing in this week's gay comedy, "There's Always Juliet," which closes Saturday night after both matinee and evening performances on that day. Mary Brian and Oliver Cliff are co-starring.

Seats are now selling for "I Remember Mama," with telephone reservations held at the theatre ticket office until 8:15 the day of attendance.

OUR DEMOCRACY — by Mat

"Old age, believe me, is a good and pleasant time."

— JANE ELLEN HARRISON

IF, IN OUR EARLY YEARS, WE BEGIN TO PREPARE FOR INDEPENDENCE WHEN OUR WORKING DAYS ARE OVER BY SETTING MONEY ASIDE REGULARLY IN LIFE INSURANCE AND SAVINGS AND BEGIN TO CULTIVATE HOBBIES AND INTERESTS IN THE BROAD PUBLIC WELFARE THAT WILL GROW WITH US — WE WILL BE PROVIDING THE TWO MOST IMPORTANT INGREDIENTS FOR A HAPPY OLD AGE —

FINANCIAL SECURITY AND SOMETHING INTERESTING TO DO.

IT'S BEING SAID IN CYPRESS

That we've written an editorial this week which we had a strong inclination to stick in this column on the front page, where it would be more apt to be read—but want to win a prize for Cypress someday by having the best weekly newspaper, and for that reason we've put it where it belongs—in the editorial column. We figured the boys, for whom it is intended, will never find it there, but it relieved our mind just to write it.

That speaking of parks, "us kids" drove down to Westminster one Sunday not long ago and there we found just a small taste of what is in store for us when we do get a recreation park in Cypress. There were more swings, and majority of them had much darker skins than ours, but everyone was polite and orderly and a good time was had by all, from the thirteen-year old girl in our group, who roller skated down to the three of us who teeter-tottered—a four year old boy and a ten-year old girl to balance us. We knew twenty minutes later and all day Monday that we are definitely too old to teeter-totter.

That if you are new in town and a recent subscriber to this newspaper, you may wonder who "Sargum sprout" is, referred to in another column of this issue as "an old friend." W. C. Miller was for many years editor and publisher of the West Orange county Company's publications and sold his interests to the present publisher in May, 1946. "Susan" is Mrs. Miller.

That in our journeys around this week we found a young man who has promised to design the plans for the house we are going to build after we've made our first million. We told him not to hold his breath waiting, but we were impressed by the floor plan and specifications he had just completed for some lucky family. It seemed to us he had combined all the practical qualities of the model homes of the future we have visited, without including the expensive, hard-to-get features. You may find his advertisement in this issue. You won't need a million, that's just our idea of a nice goal to aim for.

That now we must add two more favorites to our list of male stars, after seeing "There's Always Juliet" on the stage at Tustin. The photographs of Oliver Cliff and William Pullen don't begin to do their talent justice and each played his part with a fine finesse worthy of the legitimate theatre. We were anxious to see Mary Brian again theatre large enough to accommodate 500 cars and an adjoining restaurant.

cadets and for which occasion a group of glamorous gals from Hollywood were imported. Mary was there, dressed in a becoming purple dress. And guess what? There she was on the stage Monday night, just as petite and pretty as we had remembered her, and dress for the opening scene in just what you thought—unequally attractive dress, purple in color.

That we spent a real enjoyable hour at the Angeles Rancho last Thursday being instructed and educated in the art of breaking and training horses. "Chuck" Brown put a mare through her paces for us, while "Red" Hovius readied a little quarter horse for riding. There is a big field just east of the house where there is room for all kinds of activity pertaining to their profession. Also on the property is a light, snug little high-board training ring where the boys can really get down to business with their pupils, and attention because they can't see out or over to be distracted. In many ways, the business of teaching horses is closely allied to that of instructing children—some of the same principles apply. Although we appreciated the horses, and realize the wonderful talent these boys have to manage them, our interest was centered on the beautiful dogs which are a part of the ranch, and which we feel we know a little more about. You may have seen the Great Dane which accompanies the boys up town sometimes, which they call "Shorty", a misnomer if we ever heard one. "Shorty" and the Saint Bernard "pup" together would weigh more than a carload like our little dachshund, Heidi and Henni, probably. Then there are two chow puppies, Princess and Duchess. A wonderful business and a wonderful ranch. Horses and dogs are real judges of human character, and these two boys, together with the third member of their group, Charlie LaMont, really hold the respect of their equine and canine charges.

That the local V.F.W. is also vitally interested in plans being made for white coat day September 18, and many of its members are being assigned to positions on important committees.

Attention of the public in general is called to the open meeting in the schoolhouse on Wednesday evening, August 11, at 7:30 when the general chairman, Richard V. Hancock, will preside in the interest of further planning for the big celebration, when it is hoped a considerable amount will be added to the fund to aid in building a recreation park for the youth of this community.

A NEW PICTURE?

It won't be long now before Johnny Jones no longer will be delivery boy at Smith's Grocery. Men 18 through 25 are readying themselves to go before draft boards to register in compliance with President Truman's order.

If the scene unfolding today were a movie epic, many would think they had seen the picture before. But Hollywood didn't manufacture this plot. World developments are subject to change at a moment's notice—and no one can say, "I know the end, this is where I came in", and leave.

Our only comment is the thought which must be uppermost in the minds of Americans everywhere: God willing, may this picture be different, may the world find a peaceful solution to its problems and may our Nation be spared the ordeal of another war.

ON BOYS AND THE PARK

Why do a very few boys in Cypress insist on behaving like boys? Why couldn't they, just once in awhile, not act like little boys but like little men, and display a little corresponding judgment?

We do not believe it to be a reflection on their home or school training, but it seems that whenever the public bands itself together to aid in building up a fund for a recreation park, which will benefit these boys directly, they show the worst that is in them.

If it weren't for the dozens of deserving boys and girls around town who shouldn't stand to lose because of the misdemeanors of a few, we'd feel like saying to heck with the whole project, and spend our money for selfish knick knacks and a fancy new hat. Or, we could even wish they were old enough for the army to get them, but we know from two and one-half years' experience in civil service with the armed forces that they don't want 'em either—it costs too much to administer recalcitrant recruits, and you know who foots the bills for Uncle Sam, anyhow.

We don't expect boys to not act like boys—wouldn't be natural. And we can go along with a lot of tomfoolery. But why can't they see that at times they defeat their own purposes when they misbehave in such a manner as to keep people away from the very activities that are planned to raise money to benefit them? Throwing clods of dirt to keep away paying customers and annoying the patrons in the show (when it's dark and nobody knows who they are, anyway), is not our idea of real cooperation. It's like trying to empty the ocean by dipping tubful at a time to notice appreciation sometimes for the confidence the public tries to display in the future of the youth of the community.

White Gold day is coming up. By now you should be able to read the implication. This is a stupendous financial undertaking to benefit guess who? Why don't you with the misdirected energies run, not walk, down to the general chairman and offer your services and get so busy on helping for a change to raise money that you'll be too tired to get into mischief? You might even find something to do that's fun. They'll need clowns for the parade on the big day, so why not dress up and be REALLY funny? We'll bet those trick riders out at Angeles Rancho, Charlie, Chuck and "Red" can teach you a few acrobatic stunts you never knew before, and you might even enjoy learning.

Come on boys, give some of us a chance to laugh WITH you as a pleasant diversion. We won't expect miracles, and we'd even be willing to put up with your worst moments when we're all working to do something constructive for you.

This isn't meant to be a scathing editorial. It isn't written in anger, and we only feel sorry when boys can't see further than the ends of their noses and figure some of the reactions of people out for themselves.

PLANT NOW

A & M NEW METHOD DOUBLE TREATED
EARLY MAMMOTH RUFFLED SPENCER
SWEET PEAS
For Winter and Spring Bloom

Planting season for the A & M Early Mammoth Ruffled Spencer type begins August 1 and continues throughout the fall and winter in climates similar to that of Southern California. August 1 planting usually begins to bloom early in November, and with proper culture should continue blooming throughout the winter. The standard Giant Spencers are the late flowering and these are generally planted in Southern California and similar climates from March to May for late spring and summer blooming.

"OPERATION MOSCOW"

By MACKENZIE

THIS AND THAT

Ben Lieberman, Orange County Director of Veterans Affairs, urge veterans who plan on entering school this fall under either the state or federal program, to file now for their certificate of eligibility. By filing early, veterans can be assured of receiving their first subsistence checks with a minimum of delay. Those veterans who do not secure their certificates prior to registration may have to pay their own fees for tuition, books, and other materials.

Under the state program, an authorization certificate, which defers the students' fees, cannot be issued until the veterans' certificate of eligibility is approved by the Department of Veterans Affairs and his educational application is on file with the department. Certificates of eligibility may be applied for through the Orange County Veterans Service Center located at 225 North Broadway, Santa Ana. (Please phone KI 2-3516 for an appointment) Complete copies of discharge must be submitted when filing.

Trailers and house boats do not qualify as homes under the loan guaranty provisions of the G. I. Bill, Veterans Administration reports.

Although frequently used as dwellings, trailers and houseboats are not "homes" within the meaning of the G. I. Bill and are ineligible for loan guaranty.

However, G. I. loans may be negotiated for trailers and houseboats used for legitimate business purposes.

Four specific benefits become available upon the death of a veteran of any war, who was discharged under conditions other than dishonorable.

Veterans Administration is authorized to pay up to \$150 for funeral and burial expenses of a war veteran, provide an American flag for burial purposes, arrange for interment in a national cemetery and help make application for a grave marker.

Applications for any one of the four benefits may be obtained from any VA office, from service organizations and chapters of the American Red Cross.

A word of caution to those disabled veterans who will be entering schools under Public Law 16—make sure you have completed your advisement and guidance and that the records of your interviews are with the VA Training Officer on the campus. It might be a good idea to make an appointment with your Training Officer and get all the instructions needed for registration beforehand.

Those under PL transferring in to the Los Angeles area from other schools be sure that your records are at the school of your choice and in VA office. Remember! Public Law 16 veterans MUST have all records in the hands of the Training Officers BEFORE registration. The VA cannot make your letters of authorization retroactive. This means that the veteran must pay a full semester's tuition before he will be admitted by the school if his records are not in before registration.

Dependents of veterans with service connected disabilities rated 60 percent or more in degree will receive additional compensation in the form of allowances under terms of a new law passed by the 80th congress.

Increases should become effective September 1, 1948, and instructions for applying for the benefits will be issued in the near future. Eligible for the increases are veterans of any war or peacetime service who served in the armed forces, have a service-connected disability of 60 percent or more and have one or more dependents.

Between now and the effective date of the new law, veterans will be required to obtain documentary evidence of existing dependents—wife, children, and parents, since old service-connected application forms which provided for dependency listings do not have sufficient evidence on which to pay new allowance rates.

Assistance in gathering such documentary evidence may be obtained at the Orange County Veterans Service Center located at 225 North Broadway, Santa Ana.

Completely debunking the popular theory that the California tourist boom is subsiding, the Automobile Club of Southern California reports that the largest first-half influx of out-of-state cars in history, carrying more than 1,000,000 passengers, entered the state during the first six months of this year.

First-half totals showed a record-breaking 448,325 "foreign" cars, carrying 1,183,175 passengers, being checked into California this year as compared to 436,217 cars and 1,169,008 passengers for the similar period of 1947's peak travel year.

Property Taxes at All Time High

Property tax levies in Orange county for the year which ended June 30, 1948, were at their all-time high of \$13,551,364, compared with the \$6,945,051 levied for the year ending June 30, 1947, California Taxpayers' association reported recently. Data include levies for the county, cities, schools, and special districts.

Statewide, property tax levies by the local governments in California for the year ending June 30, 1948 were at their all-time high, \$55,546,929, compared with the \$32,173,456 levied for 1947-48. In twenty counties, property tax levies for 1947-48 were more than double the local levies for 1941-42, the association reported.

World War II veterans in the Los Angeles regional area will hereafter be restricted in their selection of avocational or recreational courses of training under the G. I. Bill in accordance with legislation recently enacted by congress. From now on, such courses must contribute to the veteran's vocation. If such courses as dancing, bar tending, personality development, horseback riding, fishing, flight training etc. were entered into by a veteran-student before July 1, 1948, and are not being taken in connection with his present or contemplated business or occupation, he will be allowed to complete his entitlement in these courses. However, veterans wishing to enroll in such courses after July 1, 1948 must submit to the VA regional office, complete justification that the courses are for the veteran's vocational or occupational advancement or educational objective. This evidence must be submitted and approved by the VA before the veteran can enter into training. Each case will be judged on its own merits and if a veteran feels that he has been unjustly refused entrance to a course of training he may request advisement and guidance from the VA before final determination is made.

The G. I. Bill was passed by Congress as an aid to the veteran whose education or training was interrupted by his entry into the service in helping him to follow a trade or skill or resume his education. The new law prohibiting "hobby" courses, it is explained, is in keeping with the spirit of the G. I. Bill in not allowing government funds to be spent on recreation but only on those courses which will contribute to a veteran's occupational or educational objective.

BEST METHODS FOR HOME CANNING
Heat is essential in canning foods, says Home Demonstration agent, Mrs. Marian Prentiss. It destroys the organisms that cause food to spoil.
In canning foods there are three processes. Fruit juices (other than tomatoes) are heated to a temperature of 190 degrees F., for a few minutes.
Fruits, tomatoes, rhubarb, and vegetables canned in an acid solution are processed in boiling water. Tomato juice is processed for five minutes or more in boiling water, after being canned at the simmering point.
All other vegetables, meats, poultry, and fish require temperatures higher than boiling—water to process them safely. Steam under pressure must be used to obtain these higher temperatures.

Miss Joan Robinson spent last week end in the home of the Reverend and Mrs. Jack Whitaker, pastor and wife of the Community Congregational church, of Temple City.

Noel Rittenden is a patient in a Long Beach hospital suffering from an attack of pneumonia.

The many friends of Mrs. Eunice McConaghy, will be pleased to learn that she is convalescing nicely after a recent major operation performed at the Harlman Jones Clinic in Long Beach.

Mr. and Mrs. Leo Dunn were the dinner guests of Mr. and Mrs. C. Priddy on Cerritos in Long Beach on Saturday.

Mr. and Mrs. Roy Wright have as their house guests, Mr. and Mrs. Tom Lovett of Palm Springs.

Cub Scouts of Den No. two, enjoyed a day at Seal Beach yesterday with the Cubmaster, Marvin Smith.

On August 15 another religious picture will be shown in the Community Congregational church.

Prizes won at the Chamber of Commerce dance held last Saturday night in the school kindergarten were awarded to Vic Vandermale and his partner, Anna Marie Van Gerve, as the best jitterbugs; Mr. and Mrs. Tom Lovett of Palm Springs, prize waltzers, and Bud Klukas won the door prize.

In a truck which was furnished through the courtesy of Ray Wright, a number of the boys in the local Scout troop, made an overnight camping trip to Irvine park over the week end. Accompanying them was M. R. Robinson, committeeman. Boating, hiking, bicycling and out of door cooking were enjoyed by the boys who included James Ard, Phillip Ruberio, Paul Sanchez, Red Robinson, Richard Sanchez, Pepe Senneno, Robert Padillo, Donald and Ronald Gaylor.

How To Lose Out

By **GEORGE S. BENSON**
President of Harding College
Searcy Arkansas

THE GOVERNMENT lost \$2,000,000 a day while running the nation's railroads in World War I. That's not hay! Government operators got rid of that money even though they found it necessary to jump freight rates 110 per cent! This sad experience gives you a real life picture of what happens in America under government management of an industry. Every time we try it in America the nation as a whole is the loser.

Compare that record with the railroad management's record in World War II. This time we kept private operation and management. There was no increase in freight rates, and the railroads paid \$4,000,000 a day to the federal government in taxes. This means that under private management our people were ahead at least \$6,000,000 a day! That's over two billion dollars a year!

America NOT LONG AGO 21 Excells railroad unions came out with a proposal that the government take over the railroads permanently. Surely, somebody is terribly misguided or misinformed. If our union people will study the records of government management in this and other countries they will make no such demands. Actually, the railroad unions themselves would be the group to suffer most under government management. Our workers have a huge stake in the American way. If private ownership of industry is worth saving, then we must do everything we can to stave off these tendencies toward socialism and communism.

Railroads in the United States and one Canadian line are the only railroads in the world that are not government owned or government controlled. Where do

you have the best railroads and the best service? In America. Our railroads offer better service at lower cost than you'll find in any nation in the world. This is true even though the pay envelope of the American railroad worker is far greater than that of railroad workers in other nations.

Our Ways IT WOULD be much Pay Off wiser for our unions to call for less government strangulation in the form of taxes, not for more control. It is quite possible for a slow strangling process to bring on complete government control of railroads. We must not permit that. Our workers must continue to receive the good wages and benefits that come from railroads controlled by the railroad industry, not by an agency of the government.

Operating expenses of railroads have soared during the past 30 years. Yet, the railroads under private ownership have increased their efficiency, to serve the public better at lower cost. Two things have resulted from this efficiency: higher wages and lower costs to the shipping and traveling public. Nobody would expect government managed railroads to do these things. And they wouldn't.

Under government operation there is no call for initiative. Competition is not allowed to play its part in keeping us on our toes. We have high standards of living in America simply because we have freedom to act and to look opportunities in the face. We invest savings and earnings, not tax money, for better tools and modernization. Our ways have paid off. A look at nations around us shows the folly of government ownership.

GARDEN HINTS

HIBISCUS

So many new varieties have come upon the California market that the hibiscus now has more admirers than ever. However, local home owners should study hibiscus culture before adding this flower to their gardens.

They should be located in full sun. This insures large blooms and strong bushes. If you live in an area that has a temperature above 28 degrees during the winter you will succeed with hibiscus. Soil preparation should be similar to that of its natural home—and too, hibiscus needs good drainage. Try four parts good garden soil, two parts leaf mold or peat moss. Dig planting area two feet wide and two feet deep. Feeding with a complete plant food every month from March to October. Use about a half cup of plant food to the plant at the drip edge.

Do not cultivate. Keep soil moist with a mulch of leaf mold. Use it about two inches deep from center of the bush to about a foot out beyond the leaves. Never let your hibiscus dry out. Watch the area under the mulch or further down into the roots. When these areas dry out soak with basin method or with one of the popular soil soakers.

Foliage can be washed off in the morning once a week on days that are clear.

Your kit of dusts or sprays should be able to take care of aphids which curl leaves. Early attendance to spraying will control these pests.

Leaves are chewed by several insects and worms. Spraying will control these also. Pruning should be done only to control shape and to remove deadwood. Do this when blooms are light.

SUMMER ROSE CARE

Throughout the summer until September, roses should be cultivated regularly to destroy weeds and aerate the soil. The soil should never be allowed to bake. One method used to keep a crust from forming is the application of a peat mulch. This also helps conserve moisture. After a heavy rain, it is advisable to hoe and rake rose beds just as soon as the soil has dried sufficiently.

Any watering given roses should be thorough. Sprinkling is bad for your roses since it brings feeding roots to the surface and causes burning. Water early in the morning, preferably. During extremely hot periods, it is a good idea to hose plants with a strong stream of water several times during the day.

A great many roses are grafted on stocks of other stronger growing varieties. Often these stocks send up sprouts that, in time, may starve and crowd out the preferred variety. These should be removed before they make a strong growth. To get rid of these sprouts permanently, remove them at the point where they leave the main root. They should be cut off close to the bark to keep other buds from developing.

Roses should be fed at 6 to 8 week intervals throughout the summer with complete plant food. The last application should be made in the north not later than August 15 in order to give the plants a chance to harden off before cold weather comes. Complete plant food should be applied at the rate of 4 pounds per 100 square feet of bed and worked into the soil with a hoe.

To combat insect pests and fungus diseases, begin a dusting program early and dust regularly throughout the growing season. The new all-round insecticide and fungicide will give your roses all the protection they need from Black Spot, Mildew, Aphids and many other troublesome fungus and insects.

Mrs. G. W. Paschal, of Long Beach, was visiting in town on Wednesday, being interested in seeing the properties being developed by her husband and his partner.

CYPRESS

MRS. OLIVE WILLIAMS

PHONE AN 2-8279

Velma Smith, catcher for the Cypress girls' softball team, left for a four weeks' visit in Oklahoma.

Mr. and Mrs. Chester Larkin, Denni Road, and their two youngest children drove to Williams, Arizona, on Thursday last week to inspect property comprising 97 acres. They report a most interesting and successful trip. The ranch is located about five miles from Williams and extends into the hills. There is perhaps 40 acres of meadowland intervening. In the mornings and evenings the Larkins were thrilled at seeing many deer from the kitchen window, which wandered to within a few feet of the house.

Mrs. James Bryant was able to return to her home from Saint Mary's hospital in Long Beach on Monday, following a serious illness which the doctor diagnosed as a virus infection. It will be some time before Mrs. Bryant will be completely strong again.

Among those in attendance this week at Holiday Stage's current production in Tustin were Mr. and Mrs. Stan Doerr and Tommy, and Mr. and Mrs. Paul Kroesen and her mother, Mrs. Stella Week, of La Cresenta, Beth Kroesen and friends from Los Angeles, Mr. and Mrs. Lou Hayes.

Mr. and Mrs. Alex Petri and the latter's daughter, Mrs. Melvin Coburn, attended Saturday night's performance of Ken Murray's Blackouts in Los Angeles, the occasion being the birthday anniversary of Mrs. Petri.

Mrs. Bessie Ross of Des Moines, Iowa, who has been visiting in the R. C. Cawthon home, is spending this week visiting relatives in Los Angeles.

A six pound 15 ounce daughter was born in the Anaheim Community hospital on August 1, to Mr. and Mrs. Edward Robinson who reside at 5322 Lincoln avenue.

Mrs. Arnold Birt, who has been the house guest of her brother-in-law and sister, Dr. and Mrs. M. H. Damron, left on Wednesday by plane for her home in Indianapolis, Indiana, on Tuesday night. Mrs. Birt and Mr. and Mrs. A. E. Arnold dined at the Manhattan cafe in Long Beach.

Mrs. A. E. Arnold spent Saturday evening in La Verne visiting her aunt, Mrs. Emma Ramsay, who had been a patient in the Pomona Valley hospital, and who that day had been removed to the home of her son, Ray Gribben.

Mr. and Mrs. Merton Jones entertained on Sunday with a family dinner at their home on Walker street, the guests for the most part being relatives of Jones. Covers were laid for Mr. and Mrs. Ernest B. Wallace and daughter, Frances, Mrs. Jack Dorris and son, Jack, Jr., all of Los Angeles; Mrs. Lily Carpenter of Buena Park; Mr. and Mrs. Mack Jones and children, Earl and Kathleen of Artesia; Mr. and Mrs. Hugh Jones, the hosts and their two children, Timmy and Sharon.

The C. L. Wickers had as their house guests for several days last week, Mr. and Mrs. Earl Mayo and their daughter, Miss Gerry Mayo of Jacksonville, Mississippi, who are on a motor trip of the country. From here they went to San Francisco and then on to Canada.

Bob Stearns has sold 20 acres of his ranch at Western and Crescent to a Japanese family. Mr. and Mrs. Bob Boon, brother-in-law and sister of Stearns, who have been occupying the house on the premises, have moved to a newly completed duplex on Homewood in Buena Park.

Friends of Mrs. J. E. Booher formerly of Cypress who now lives near Fullerton, will be interested to learn she is spending a month in her former home in Burkesville, Kentucky.

S 3/4 James Wright, son, of Mr. and Mrs. Roy Wright, who has returned from a short cruise to Canada aboard the U.S.S. Sleuth, is seen frequently around Cypress while his ship is in dry dock. He has been in the navy two years and has been expecting his discharge soon. However, the present draft bill recently enacted may have an effect on his release.

Several congenial friends who meet occasionally for luncheon and to pass the afternoon in sewing or other fancy work, were the guests on Tuesday afternoon of Mrs. Merton Jones. In the group were Mrs. Ed Straube of Montebello; Mrs. K. Daughtery of Los Angeles; Mrs. Cyle Holmes, Mrs. Arthur Smith and Mrs. Mack Jones of Artesia and the hostess.

Mrs. Jack Pederson of Crescent City, at one time a resident of Cypress, was in town this week attending to business matters.

I. J. Stogdill, who made his home with his son and daughter-in-law, Mr. and Mrs. J. E. Stogdill, is a patient in the Orange County hospital.

Mr. and Mrs. Calvert Norland drove up from San Diego recently to visit the former's parents, Mr. and Mrs. Clarence Norland.

Mr. and Mrs. Oscar Meyer, their son, Allan, and daughter, Miss Barbara Meyer, attended the 60th wedding anniversary celebration of the former's parents, Mr. and Mrs. J. H. Meyer of Orange one day last week.

Mrs. Ross Mestor is confined to her bed and under the care of a physician at her home on Denni road.

The C. W. Biggs family left for a few days holiday at the beach. But not without some protest by the children, who were loathe to leave home and the pleasures afforded by their newest television set. They finally settled for the beach vacation, accompanied by a portable radio.

James Rapp left on Wednesday for Cuyama Valley to work on the Hickey ranch.

Visitors in the home of Mrs. Irene Santhoff on Tuesday were Mr. and Mrs. Frank Loop of Escondido.

Allen Home In Stanton Scene of Farewell Party

Mrs. Jeanette Allen was hostess Monday night at a barbecued steak dinner given in honor of three of her Fullerton Junior College friends who have joined the Coast Guard and expect to report the latter part of the week. Honored were Lyle Burke, Jack Conklin and Lyle Woods.

Party activities took place out of doors at the Allen home with volley ball and dancing being enjoyed following the barbecue.

Others from Fullerton were Gene Woods, Douglas McClune, and Helen Phillips; from Anaheim, Miss Pat Bouck; from Downey, Dick Wilcox and local young people were the Misses Joyce Newkirk, Dolores Amling, Doris Grivey and the hostess.

Word from the Reverend Eric Jordan and his wife states that they are enjoying a much needed rest at the home of a close friend, Mrs. Edna Metzger in Nampa, Idaho.

Mrs. Ralph Ellsworth is critically ill in the Angeles hospital in Los Angeles. Last report was that she showed a slight improvement.

Mrs. Madge Lyen was entertained on her birthday with dinner at Knott's Berry Farm. Present to help her celebrate were her daughters and their husbands, Mr. and Mrs. H. H. Hastings and baby of Berkeley; Mr. and Mrs. Frank Mathes, of Hollywood and son, Lynn. When the Hastings left for home last Friday, they took Lynn with them to spend the rest of the summer until school begins.

Harvey Pennington, at the Trio Cabinet Shop, has been forced to take a few weeks' complete rest. He is suffering with shingles.

A baby boy weighing a fraction under eight pounds was born August first to Mr. and Mrs. John Miranda, 9081 South Walker St., in Artesia hospital at 7:15 a.m. The baby has been named John Fernandez.

Cypress' tiniest residents were brought home this week to their respective families, from the hospitals where they have been since birth. The babies, children of Mr. and Mrs. Tom Wirth and Mr. and Mrs. William Lichte, each weigh a hefty five pounds now.

Leaving yesterday for a week's stay at Idylwild Pines, Nazarene vacation camp, were Juliet Stearns, Karen Siebert and Shirley France. The latter two girls were awarded the trip for being high score winners in a Sunday school contest conducted at the Cypress Church of the Nazarene. Mrs. Noxie Stearns furnished the transportation and was accompanied by her son, Freddie and Mrs. Joe Ferguson and daughter, Jeanette.

Baptists Active With New Church In Constant Use

Although it is as yet not finished, the congregation of the Cypress Baptist church has been conducting its Sunday services in its new building. The work, which had been done almost entirely by volunteer labor, is going slowly but steadily on and the church members point with pride to the fact they have no financial obligations. Their acre of ground located on the corner of Watson and Camp streets and the building are entirely debt free.

The church, which has been meeting in the auditorium of the Cypress school, and has been without a pastor since the resignation of the Reverend Roney Black, has recently elected a new pastor. The Reverend Arthur T. King comes to this church from Pomona, and will be assisted in his work by Mrs. King, who is very active and capable in the various branches of church activities. Until they can find living accommodations for themselves and family of three children, in Cypress, they will continue to live in Pomona. Organizing on January 23, 1947 with 19 members, the church now has a membership of 125 with about the same number in attendance at Sunday School.

Ray Kelley, brother of Haskell, was visiting Cypress Tuesday from his home in Compton.

Billy, baby son of Mr. and Mrs. Thomas Elliott, Denni Road, whose father is a painter, unfortunately sampled a quantity of paint thinner Saturday evening and was rushed to the Orange county hospital by an Artesia ambulance, where his stomach was pumped. The young lad is out of danger.
